About **RELENT CAMPUS MANAGEMENT ERP SOFTWARE**

Unlike schools, colleges are having entirely different functionality, a good strength decides the long form functions & stability of any institute, thus also increases its administration work. Here we are with complete campus management software, to get an effortless data management solution. College is a vast campus, getting reports for their continuous evaluation is bulky effort in manual process.

Now, in Campus management software, just go on doing day to day entries, required MIS reports gets updated & viewed by management at different hierarchy from anywhere & at any given point of time.

A college degree is most important & need great attention in a student's life as the next step from the college is the door step of their future. Parents are more concerned about their children at this age.

Parent gets daily updates on their child's campus activities & performances, can get alerts on their absent marking & can take quick actions. The unique username & password allows parents to access the campus software from anywhere & at any given point of time, can view their child's progress report of current academics as well as previous results and much more.

Out of all our modules and its sub modules, majority Modules are used for Academic excellence, its improvements, analysis etc. and rest of the Modules are used for College Administration supporting modules.

Campus Management ERP Software is developed and serviced by Relent Software Technologies and its running successfully in many institutions in Kerala. Our top most clientele are Kannur University, Kozhikode University, M.G.University, Kerala University, etc.

Running Modules in your reputed Institution

Sr.No.	Name of Module	Particulars	Year of implementation
1	Student Management	Complete academic cycle of each student is recorded electronically right from their admission till Alumni for easy access & availability at any given point of time	2015

2	Staff Management	Management get instant reports & tracking of employees, by a strong system implementation for timely evaluation of Teachers & other staffs weak & strong performance	2015
3	Transport management	<ul style="list-style-type: none"> • Complete transport management • No. Of vehicles • Route management • Details of route wise stoppage • Fee collection • Fee collection reports • Day wise • Month wise • Route wise • Bus wise 	2015
4	Fee management	Fees Management system will identify the student, his current status, his fees history and on the basis of the records it will calculate the payable amount automatically.	2015
5	Time table management	Time-Table Management Module will enable you to create time-table for each division or batch. Generates class wise/teacher wise time table report.	2015
6	Exam management	Complete process right from exam dates, decision making till declaration of result is easily and smoothly managed. Benefits: Highly secured easy and smooth and smart work maintains marks record and attendance record. No duplication, User friendly. Parents & management gets instant multiple progress reports.	2015
7	Attendance Management	Student's attendance management system allows you to manage & maintain records for each & every student's daily periodic, hourly attendance leaves, etc. Staff attendance is also managed & maintained in a proper manner. Reports of these gives the management a clear picture on staffs & student's performance on attendance basis.	2015
8	Library management	Library is a separate login with complete library function of a librarian. Detailed options to <ul style="list-style-type: none"> • Membership • Add book information's • Purchasing process 	2015

		<ul style="list-style-type: none"> • Book availability checking • Manage unlimited books • Automatic fine calculation • Multiple reports generation, • Easy search options. • Location wise allocation. • & much more 	
9	Front office management	This module allows the front office executives to manage visitors, track visitors record, follow-ups enquires, news, events, updating to website, gallery updates to websites & many more. Mail, message communications with in & outside institute.	2015
10	Inventory management	<p>This feature makes the procurement process easy functioning, transparent but authenticated.</p> <p>Procurement process includes:</p> <ul style="list-style-type: none"> • Purchase requisitions & approvals • Purchase orders generation against approved requisitions • Purchase entry against orders • Automatic Stock addition location wise • Sales against stock • Multiple report generation 	2015
11	SMS Module	Communicating with Students, Parents and Staff is easier with this feature which provides built-in facility to send Bulk SMS and e-Mail. Automatically maintained portals empower administration to facilitate key entities of the organization.	2015
12	Accounts management	<p>Money related activities are scheduled in a separate login i.e., Accountant login. Fee collection, Transport fee Collection, Inventory entries all gets automatically posting to accounts.</p> <p>User-friendly, can be handled easily by a non-accountant too</p> <p>Reports</p> <ul style="list-style-type: none"> • Trial balance • P & L account • Day book 	2015

		<ul style="list-style-type: none">• Cash book• Balance sheet	
13	Payroll management	Using Payroll management feature Employee Attendance, Allowances, Deductions, Overtime etc, all are managed systematically. Employee attendance, Increment settings, Leave updations etc are integrated with Payroll management so no need of any manual checking. Hence manual errors are eliminated. Thus organization will be quite knowing about their income and expenses easily.	2015
