An overview of ASAP

Additional skill Acquisition Programme which is commonly known as ASAP is a much appreciated initiative of the General and Higher Education Departments of Kerala. It's an ambitious programme with the objective of tackling the issue of growing unemployment in the state due to the lack of skill factor. The project got beautifully unwrapped in the year 2012 with the motive to improve the communication and technical skills of the students along with some vocational skills, which will prepare them for a job market. Through the years this beautiful scheme proved quite successful in fulfilling the dream behind. S.E.S college set out its journey with ASAP in 2015 and continues its success story with quality number of programmes, it did undertake inside and outside the campus. The forum many a time came to media coverage for the novelty and variety of the programmes, the forum organised. To top it all, we have successfully completed three batches with some student trainers to our credit. The forum has a facebook page, where it showcases the creative endeavours of students enrolled. The forum works under the supervision of Principal –Dr. Dominic Thomas, Faculty coordinator -Shabeena Backer, S.D.C Programme Manager - Neethi Ebrahim and S.D.E. Sovin Thomas. ASAP FORUM S.E.S college strives hard to be productive by unlocking the repertoire of potentialities inherent in our students.

BENEFICIARIES:

S.E.S college embarked on the project of Additional skill acquisition programme in 2015 by encouraging our students to attend the programmes of ASAP being conducted in different parts of the district. The foundation course of ASAP got going in 2016 with a batch of 25 students, all of whom successfully completed foundation and skill courses with outstanding grades. After the first batch successfully completed their 300 hours, out of which 180 hours for communication and 120 hours for IT, the second batch of 25 students did begin. ASAP forum S.E.S college with its zest organised various novel ventures, which captivated students and that in fact resulted in the third and fourth batch of 30 and 29 students. The enrolled students revamped with their expedition with ASAP. The forum is really proud to mention two of our students Arya and Megha, who are working as Skill Development Executives of ASAP at different schools and colleges, which highlights the fruitful effectuation of the scheme. ASAP forum renders activities for the

entire student community of the college to equip them with better confidence to come forward to speak up.

COURSE FLOW

Additional skill acquisition programme ASAP comprises foundation module, Skill Course, and internship. The foundation module encompasses 180 hours of English Speaking Skills, basic IT skills and internship. The modules also throw some light on personality development of the student.
