

Activities
Department of Chemistry

2017-18

Dr. Biju A. R., Assistant Professor, Department of Chemistry, Sir Syed College, Talipparamba had inaugurated the chemistry association on 18th January, 2018. Also, he delivered a talk on “Advances in Science” to chemistry students of SES College.

A one day seminar was conducted on “**Green Chemistry & Nano Science**” on 21st February, 2018 by Mr. Ajith and Ms. Raga K Pavithran, Post Graduate students from St. Agnes College, Mangalore. Both the speakers are pursuing their master’s degree with high quality research on hot topics which fueled our students.

As part of the lecture series, *Convergence 17-18*, the Department of Chemistry conducted a talk on “**New Drug Discovery & Career Opportunities in Pharmaceutical Industries**” by Dr. Vijesh A.M., Assistant Professor, Department of Chemistry, Payyannur College on 2nd March, 2018. He explained how a simple or complex structured chemical compound from small lab came out as a “drug” with million dollar business. He also explained the role of chemists for scaling up the reactions and job opportunities of chemistry graduates in pharmaceutical industries.
