

Activities
Department of Chemistry

2018-19

A workshop was conducted as part of the *Convergence 18-19* on 11th September, 2018 on the topic “**Educational Television Production**” in association with Educational Multimedia Research Center (EMMRC), Calicut University. The programme was inaugurated by Dr. Zeinul Hukuman, former Head, Department of Chemistry, Sir Syed College, Talipparamba. There was a talk by famous media person, Dr. Damodar Prasad, Director, EMMRC and Dean, Faculty of Journalism. His talk was on the science communication, scope of online courses and e-learning platforms available in India. The workshop’s camera and video editing session was handled by Banniesh M, national level award winner for best cameraperson. Mr. Rajan Thomas and Mr. Sajeed Naduthody handled sessions on Swayam Prabha and documentary production respectively.

To increase the reading capacity of the department students, a departmental library was set up in November, 2019. Departmental library inauguration was done by Dr. Dominic Thomas, Principal, SES College on 08th November, 2019 with a motto “Gate of Wisdom”. The departmental library solely managed by the department faculty and students. First book issued to Mr. Akash K.V. of II DC.

Dr. Johnson. V. John, (Post-doctoral Research Associate, University of Nebraska Medical Center, USA) had inaugurated our association on 14th February, 2019. There was a talk on the topic “**Smart Polymer Material for Nano Medicine and Regeneration Medicine**”. In his talk he explained why some newly developed materials are called smart materials and how these materials can be used in drug delivery applications.

Dr. Biju A. R., Assistant Professor, Department of Chemistry, Sir Syed College, Talipparamba, delivered a talk on “**The Asymmetric Universe**” as part of the *Convergence 18-19* multidisciplinary seminar series on 1st March, 2019. Very interesting aspects of symmetry and asymmetry found in the universe was explained.
