

## **SES College, Sreekandapuram**

### **PTA Annual Report 2017-18**

The 2017-18 academic year of SES College started on the 1st of June and the second year and third year classes started on the 1st of June and the first year classes started on the 10th of July. Since he could not fill the vacant teaching and non-teaching posts, the management teachers and parents had to fill the vacancies by appointing temporary teachers and staff at the beginning of the academic year. As he was unable to fill the vacant teaching and non-teaching posts, temporary teachers and staff were recruited at the beginning of the academic year. This was done by the management teachers and parents.

On this occasion, I would like to thank from the beginning the continued support of the Teachers 'Parents' Committee for the smooth functioning of the College. The Annual General Meeting held on 7th November 2017 marked the beginning of the activities for the year 2017-18. The revenue and expenditure figures and the draft budget for the current year were approved after discussion and then the members put forward guidelines for the overall growth of the college. The meeting then elected the new office bearers. The meeting was attended by 60 people.

**I am happy to announce that this time too we have been able to improve the results of our college at the university level. This time we got two ranks in Economics and English at the university level. At the same time, we have been able to make great strides in the arts and sports. We have won a gold medal at the National Federation Cup Basketball Championships in sports and a number of prizes at the university level.**

**Similarly, our students have been able to achieve excellent results with A grade in the University Arts Festival. The PTA's bus service, which has become an important achievement for infrastructure and development, is now operating as efficiently as in previous years with the cooperation of management.**

**We have a long list of needs ahead of us as we pursue new avenues of college growth. With that in mind, every step of the way, we can work together to further strengthen the teacher-parent-student friendship that is a feature of our college and to make our institution the best it can be. Submit this report to you for approval, with a thousand heartfelt thanks to all the members who provided all the support and cooperation last year.**
