ADDITIONAL SKILL ACQUISITION PROGRAMME

2017-2018

The key to realize success is to focus on the significance of actions, then even the smallest step will take on greater meaning. The first foundation batch of the college, whose journey with ASAP modules started in the year 2016 and the sessions of communication skills, IT skills and one vocational skill carried to 2017-18 academic year too. The forum officially got inaugurated in the year 2017 by Assistant collector Aasif.k.yousaf and the college became the venue for the release of skill journal of ASAP. S.E.S college sensed the sensible get-up-and-go assumption of ASAP forum with the multiple engaging activities. Along with the prescribed module of the college, ASAP S.E.S always made a point to incorporate supplementary exercises for the students enrolled and bagged the attention of people inside and outside the campus. The scheme has really brought change in students enrolled and it empowered them through the skillful training provided. The Government of Kerala with the objective of skilling Kerala has started up this initiative and the venture proved most effective with the substantial revamping inducted tutees. Important schemes were Whatsapp S.E.S, Pattuvam orphanage visit, Miss confident S.E.S competition and the project of helping out people of locality in making kitchen garden.
