Criterion 6

Governance, Leadership and Management

6.2 Strategy Development and Deployment

6.2.3 Implementation of e-governance in areas of operation

E- grantz – For disbursement of scholarships and schemes for SC, ST and OBC students

The screenshot shows the homepage of the e-grantz 3.0 website. The browser address bar displays <https://www.egrantz.kerala.gov.in>. The page header includes the text "Government of Kerala | SC/ST/OBC Departments" and the logo "e-grantz 3.0". A navigation menu contains links for HOME, NOTICE BOARD, LOGIN, CONTACT, FAQ, and DASHBOARD. The main content area features a large image of a desk with a laptop displaying "APPLY FOR SCHOLARSHIP" and "Prematric Post-matric" options. To the right of the image, the heading "e-grantz 3.0" is followed by a description: "Online Centralised System for Disbursement of Scholarships/Schemes for all Pre-matric and Post-matric Students of SC, ST & OBC community in the state of Kerala." Below this, a paragraph explains the system's purpose and features. A circular award icon is accompanied by the text: "Won National Award for E-governance 2010-11 for exemplary reuse of ICT based technologies." At the bottom, a yellow navigation bar contains buttons for "One Time Registration", "Student Login", "Track Application", and "Official Login".

e-grantz 3.0

Online Centralised System for Disbursement of Scholarships/Schemes for all Pre-matric and Post-matric Students of SC, ST & OBC community in the state of Kerala.

The system is an integrated online software solution for the disbursement of the various educational assistance schemes of the Scheduled Castes Development Department. The beneficiaries of any educational assistance scheme have to first register by giving their basic details such as Name, Address, Date of Birth, Gender, Mobile Number, Bank Account details and Aadhar Number. Such registered students can apply through the same application for various schemes. Through a single registration, the system could uniquely identify a student and this basic detail shall be used for the disbursement of educational assistance throughout the period of education under various schemes. Provision for institutions will also be available for entering the applications, in case the student is not able to apply online. The financial assistance reaches the students bank account through Direct Beneficiary Transfer (DBT)

Won National Award for E-governance 2010-11 for exemplary reuse of ICT based technologies.

Proposal

IQAC and Accreditation Support Tool

for

SES College , Sreekandapuram

Prepared by:

ipsr solutions ltd

ML Road, Kottayam

Kerala, India - 686 001

Mob: +91- 9061139944

E-mail: academicsolutions@ipsrsolutions.com

Ref. No.: IPSR040323/deQ/01

Version Number	Date	Description
1.0	04 th March 2023	Initial Proposal Submission
2.0	23 rd May 2023	Revised Proposal Submission
3.0	26 th May 2023	Final Proposal Submission

ipsr solutions ltd. submits this document to **M/s. SES College , Sreekandapuram** for the sole purpose of evaluating vendor proposals. Contents of this document shall not be reproduced or provided to any persons other than the staff of **M/s. SES College , Sreekandapuram** without express written permission from ipsr solutions ltd.

1. Introduction

ipsr solutions ltd (IPSR), Merchants Association Building, ML Road, Kottayam - 686 001, Kerala, India hereby submits the proposal for **M/s. SES College , Sreekandapuram**.

IPSR has 23+ years of experience in creating and implementing academic solutions that are secure, flexible and user-friendly.

2. Product Overview

deQ Accreditation

deQ Accreditation is a fruit that is rooted in real expertise, envisioned as a complete cloud based solution which addresses quality enhancement and accreditation requirements in Higher Education Institutions (HEIs).

- Cloud based Software as a Service (SaaS) solution
- Accessible from a white labelled subdomain or URL for the institution
- Faster resolutions to environment changes and updated versions are provided at no additional cost
- Institution specific information are configurable
- Functionality based User Roles
- Provision for multiple User Roles for same user
- Simplified source level, data collection based on various quality indices
- In-form expert suggestions for Quality Enhancement
- Options to upload activity reports, photos and video
- Efficiently structured data and file repositories
- Feedback systems
- Quality Monitoring options for IQAC
- Provisions for Internal Quality Audits
- Monthly reports
- Quarterly reports
- Data inputs for AQAR
- Data inputs for various quality audits such as Green Audit or Gender Audit

- Options for selectively excluding data for various reports
- Focus on NAAC, NIRF, UGC, AISHE, AAA etc
- Access to knowledge hub created by experts
- Add on consultancy service from Academic and Administrative experts
- Add on support for international accreditations

3. Technology Proposal

The **deQ Accreditation** - which is a platform - follows the SaaS service model, which eliminates the requirement of an in-house or data centre based hosting requirements for the customer.

The platform is multi-tenable and will be used by several customers, which shall lessen the maintenance burden and hence cost to the customer.

The platform is hosted on cloud and leverages on various server elements to ensure optimal performance.

While various elements could be strapped on during several phases of development, the following is a top level outline of the technologies used.

User Interface	HTML, CSS, JS
Business logic and Workflow Management	PHP, Symfony framework
Data Management	MySQL
Cloud Platform	AWS

4. Time Schedule

- The **deQ Accreditation** Platform shall be configured for initial data entry, within 2 weeks from the date of order.
- Additional features and reports shall be made available as and when they get integrated into the **deQ Accreditation** Platform.

5. Commercial Proposal

5.1. Commercial Proposal with Two Year Subscription

The following cost has been worked out based on a user base of up to **55** users for two years.

Initial Setup Charges (One Time)	INR 75,000.00
Special discount from set up charges	(-) INR 40,000.00
Subscription Charges (For two year)	INR 71,500.00
GRAND TOTAL	INR 1,06,500.00
(Indian Rupees One Lakh Six Thousand Five Hundred only)	

- The above rate is inclusive of GST
- Additional user above 55 will be @ **Rs. 600/-** per User per year

5.2. Payment Terms

- 100% of the Initial Setup Charges and 50% of the subscription charge shall be paid along with the order.
- The current subscription rates shall be applicable for the next 3 years.
- Remaining 50% Subscription Charges shall be paid within 7 days after the implementation date or 45 days, whichever is earlier

Additional Expenses

Additional cost will be charged for the following:

- Incorporation of additional features, which are beyond the scope of this proposal; rates based on the feasibility and scope of requirement
- Charges for specific consultancy from experts

5.3. Training and Support

Sufficient initial training shall be given to the users as Workshops and Webinars.

Continuing support for clarifications shall be provided through online or telephonic sessions.

Direct sessions shall be minimal and entertained only in unavoidable circumstances.

6. Terms and Conditions

6.1. Validity

This offer is valid for 30 days from the quotation date.

6.2. Warranty

IPSR warrants that the Program shall conform to the Requirements List agreed upon and will be fully operational at the time of Acceptance by the Customer.

If the Customer demonstrates that the software suffers from any Defect during the period of subscription, IPSR will, for no additional charge, carry out any work necessary in order to remedy the Defect.

If new features need to be added or the programming code has to be substantially altered beyond the Requirements, those changes shall not be considered minor and will not be covered by this contract. Substantial changes are defined as adding/deleting programming logic, structure of the database, variables or any other customization of programming elements.

Any major/ minor changes which are paid or unpaid shall be decided after an 'Impact Analysis for Change Request' which evaluates the effect due to a change and the effort to make that change.

This foregoing warranty does not apply to any finished version that has been subject to misuse, unauthorised modification, neglect, improper installation or attempts to repair/modifications done by teams other than IPSR, accident, flood, fire, radiation or any other hazard.

6.3. Support

Support Requests: Customer may raise requests for support, to the designated email id, from their authorised mail id. Such requests will be classified as below and responded to. Resolution time will depend on the effort required.

Type	Description	Response time
Critical	Any issues that may stop the software from proper functioning	In the next 4 working hours
High Priority	Prioritised by customer or by IPSR based on the nature of the requirement	In the next 8 working hours
Low priority	Prioritised by customer or by IPSR based on the nature of the requirement	In the next 20 working hours

6.4. Unlawful use or content

The Customer must ensure that the use of the software and the contents therein, will not infringe any person's Intellectual Property Rights [or other legal rights] and will be in accordance with the relevant laws.

The Customer hereby indemnifies and undertakes to keep indemnified IPSR against any and all damages, liabilities, costs, losses and expenses (including legal expenses) suffered or incurred by IPSR and arising out of any breach by the Customer of the above Clause.

Nothing in the Agreement shall restrict IPSR from making any disclosure of Confidential Information that is:

- a. Required by law; or
- b. Required by a governmental authority, stock exchange or regulatory body, provided that IPSR must, where permitted by law, give to the Customer prompt written notice of the disclosure requirement.

6.5. Intellectual Property Rights

All Intellectual Property Rights of the Source Code of the Software Application will be assigned to the Company with the following exceptions.

While using any Open Source technologies or other licensed technologies, built-in software codes for specific purposes are readily available for customisation and both the parties of this agreement cannot claim ownership of such software codes.

These rights are assigned for the whole term of such rights together with all reversions, revivals, extensions and renewals, and this assignment includes the right to bring proceedings for past infringement of the assigned Intellectual Property Rights.

The College will be granted only licenses to use this product and may use it till the subscriptions are valid.

6.6. Jurisdiction

This Agreement will be governed by and construed in accordance with the laws of India; and the courts of Kottayam will have exclusive jurisdiction to adjudicate any dispute arising under or in connection with this Agreement.

7. Requirements from Client

The College is expected to provide the following requirements, without delay, as and when required by IPSR.

- Provide any information or data as required for the implementation of the application
- Provide logo or any other imagery of college as may be required from case to case
- Arrange necessary meetings with the responsible staff, as required for the implementation of the application
- Appoint a competent person as a Single Point of Contact, regarding the communication about the application and its implementation

8. Queries/Support

For any Queries/Support requests contact us at academicsolutions@ipsrsolutions.com or +919061139944.
