WORLD ENVIRONMENT DAY

05-06-2023

World Environmental Day was celebrated by NSS units in association with Sreekandapuram Municipality on 5th June 2023 by planting saplings in the home environment. The programme name was “ pachathuruth nirmanam” and it was inaugurated by Dr Philomina K V, Chairperson, Sreekandapuram Municipality. The volunteers also participated in the rally and “ Harithasabha” organised by the Sreekandapuram Municipality. In the afternoon the principal inaugurated the “ beat plastic pollution” campaign by handing over the waste bin to the volunteers. 81 volunteers participated in this programme.

INTERNATIONAL PLASTIC BAG FREE DAY -03/07/2023

On the occasion of International Plastic Bag Free Day, 3rd July 2023, The NCC Unit of S.E.S. College Sreekandapuram made a paper bags. The Plastic Bag Free Day is celebrated to raise awareness about the negative impact of plastic on the environment. All Cadets actively participated in this programme. The programme was successfully completed.

The Plastic Bag Free Day reminds us that all types of plastic should be banned before it eliminate all forms of life on the planet. Every one should be take the oath of "3R" REDUCE, REUSE AND RECYCLE.

PLASTIC WASTE CLEANING

Cleaning plastic waste from beaches not only contributes to environmental conservation but also fosters education, community engagement, and sustainable practices. It empowers students to become leaders in environmental stewardship and advocates for a cleaner, healthier planet. Removing plastic waste from beaches helps protect marine life and ecosystems. Plastic debris can harm marine animals through ingestion or entanglement, and cleaning efforts mitigate these risks. Cleaner beaches reduce the risk of harmful pollutants leaching into the ocean and entering the food chain. Our second year students organized a beach cleaning programme on 4-8-2023 at famous Payyambalam beach. 31 students actively participated in the cleaning process. This benefits both marine organisms and human communities that rely on coastal resources. Participating in beach cleanups nurtures students' sense of civic responsibility and environmental stewardship. They become empowered to initiate positive change in their communities and inspire others to take action.
